

Code of Conduct

Build a culture of compliance through an effective Code of Conduct

Course Overview

This online training course explores the main areas of implementing a code of conduct in the workplace. It includes examples of dilemmas learners could face and guidance on how to make the right decisions. The course is designed to raise awareness and empower employees to make the right decisions in the workplace.

Key Learning Points

- Why it's important to communicate the tone from the top
- How to create a corporate culture and framework that all employees want to be a part of
- How to build a culture of compliance and align employee values and organisational values
- What is the best way to get new starters off on the right foot
- How to provide a point of reference or refresher training for current members of staff
