

Don't get Burnt

Course Overview

In this fire safety online training course users are presented with a challenge to correctly identify steps that should be taken to ensure their safety in the event of a fire in the workplace.

The information is presented as a challenge in which the user is awarded a safety token for each correct answer given.

This Health and Safety microlearning course lasts five minutes and gives practical advice on what to do in the event of a fire.

What to Expect

Users can expect to learn about:

- What the first action that should be taken is upon hearing a fire alarm is
- What to do if their escape route is blocked off
