

Slips and Trips Challenge

Our Slips and Trips Challenge course helps you prevent the most common cause of major injuries in the workplace: slips and trips.

Course Overview

Slips, trips and falls are the most common cause of major workplace injuries. They are almost always avoidable.

Our Slips and Trips Challenge course shows learners how to prevent these accidents. By taking on the role of a facilities supervisor for a fictional company, you visit several work sites to minimise the risk of slips and trips at each one. The main causes of slips and trips are covered, as well as common tactics for stopping them.

Key Learning Points

- The main causes of slips and trips
- How to identify unexpected potential hazards
- Environmental factors that can increase risk
- Prevention of slips, trips and falls
- How to properly clean up spillages
