

Active Shooter

Would you know what to do if you were caught up in an active shooter situation?

Course Overview

You're on your university campus and you notice some commotion. You hear there's an active shooter in the area. There are unconfirmed reports of multiple gunshots and possible casualties, but the facts are not clear at this point.

Do you know what to do?

Our Active Shooter eLearning short course shows learners what to do in these tragic and stressful situations to minimise casualties and keep themselves safe.

Key Learning Points

- The method the police advise using during an active shooter incident
- How to use this method in different situations
- Why knowing this method is important
- Know when to run, hide, call for help or take direct action
- How to minimise casualties and injuries
