

Competing Fairly

Empower your employees to compete fairly globally and ensure compliance with competition laws

Course Overview

This online training course is designed to raise awareness about Competition Law, what types of agreements are acceptable under Competition Law and the principles of competing fairly.

The course also covers best practice when it comes to market competition, reducing the risks and protecting your organisation in the event of a breach.

Learners will also explore scenarios to learn how to identify which agreements are okay, which to avoid and how to raise concerns of anti-competitive behaviour.

This eLearning course is set in an immersive format, based around a fictitious logistics company with scenarios that are relevant across all industries and sectors.

Key Learning Points

- What competition law means for individuals and organisations
- How to identify restrictive agreements
- Work with clients, competing companies, and third-party suppliers fairly
- Participate in joint-ventures and other supplier agreements fairly and legally
- Implement marketing plans without breaking the law or risking investigation
- Discuss strategies and agreements without breaching competition law
