

Violence and Aggression

Our online Violence and Aggression course helps employees understand what triggers violence and aggression in the workplace and how to avoid an escalation

Course Overview

Work-related violence and aggression are never acceptable. Unfortunately, they occur regularly, across industries and job roles. People with public-facing positions are particularly at risk.

Our Violence and Aggression eLearning course explores the triggers and causes and what to do if you are faced with a threatening situation.

Key Learning Points

- What constitutes workplace violence and aggression (and what does not)
- The causes and effects of work-related violence and aggression
- The importance of reporting incidents and looping in your line manager
- How to reduce the risks of conflicts escalating
- What to do when work-related violence and aggression occurs
