

Explosion

In the event of an explosion, would you know what to do?

Course Overview

There's been an explosion outside your building. Do you know what to do to keep yourself and others safe?

Our Explosion short course challenges you to make the safest decisions in an emergency situation. Make the right choices and collect as many protection shields as you can to pass the course.

Key Learning Points

- What to do in the immediate aftermath of an explosion
- How to help vulnerable people to safety
- The importance of workplace evacuation procedures
- How to keep yourself and others safe when evacuating
- When to wait for instructions from the Incident Commander
