

Export and Import Controls

Increase knowledge of Import and Export regulations

Course Overview

Trade controls are restrictions imposed on the transfer of items from one country to another by any individual, company, government or public body. They can help certain goods and technologies from falling into the wrong hands.

This comprehensive eLearning course covers regulation and compliance around various aspects of export and import controls including customs declarations, handling dangerous goods shipments, title transfers, incoterms and trade controls.

Key Learning Points

- What are the common customs declarations and why are they important
- How are dangerous goods shipments classified and how to safely ship a dangerous item
- What are the differences between title transfers and incoterms
- Why do we have trade controls
- Who and what goods do trade controls apply to
- What are the legal obligations when exporting and importing goods
