

Health and Safety Essentials

Essential Health and Safety training for all staff.

Course Overview

Work-related illness and injury accounts for nearly 30 million lost working days every year. Health and safety is more than just a compliance issue - it's a vital component in the wellbeing of your employees and the operational effectiveness of your whole organisation.

Packed with sophisticated interactive exercises, discovery learning laboratories and advanced animations, our Health & Safety Essentials eLearning is far more than just another health and safety course: it's a fully-featured online training resource that builds an in-depth understanding of key health and safety issues, and the practical steps that can be taken to counter them.

Key Learning Points

- Understand what Health and Safety is.
- Know the main causes of accidents at work.
- Understand how to carry out risk assessments to improve workplace safety.
- Know the key legislation affecting workplace Health and Safety.
- Understand the legal responsibilities of employers and employees.
