

## Preventing the Spread of Infection

Minimising the risk when infection strikes.

### Course Overview

When infection strikes, it can spread rapidly and be very difficult to contain. Knowing the steps to take to avoid it spreading is vital.

Our Preventing the Spread of Infection short course covers the main things individuals can do to keep themselves, and the people around them, safe from infection. It explores good hygiene practices and puts them into realistic scenarios.

### Key Learning Points

- The importance of avoiding spreading infection
- Steps to take to keep the infection contained
- When to stay away from work
- When to cancel work travel plans
- How good hygiene practices can help to avoid spreading
