

Safety Signs

How well do you know your safety signs?

Course Overview

Our Safety Signs short course explains the different kinds of safety signs and challenges learners to identify their meanings in a multiple-choice assessment.

The course challenges learners to identify signs based on their colours and warning levels. Knowing what the safety signs mean can help you to identify and avoid the dangers and risks of everyday hazards. They can also help you find emergency aid should an accident occur.

Key Learning Points

- Different kinds of safety signs
- The importance of colour in safety signs
- Why safety signs are important
- Where we might find safety signs
- Identifying warnings
